Storminator^{tm} Lite — Mounting Kit

1) Mounting rail
2) Mounting clips
3) Common mounting screws and wall plugs (not-shown)

Installation instructions -

1) Install the rail, above the drain, upright on the wall using the provided mounting hardware.

2) Slide in the clips, and ensure they are securely positioned to hold the Storminator^{tm} lite unit directly above the drain.

3) Fasten the Storminator^{tm} lite into position securely.
